

I am Eman Hashim Mohammed I was born in Addis Ababa Ethiopia. I graduate high school at Lazarist Catholic School and my higher education at Admas University with Bachelor of Computer Science from 2015 to 2019. and The Entoto Project with Software Development. from may 2019 to August 2019. as a Technology Student I would like to upgrade my education level by taking additional courses on what I already have.

Although, The Entoto Project Scholarship Recipient on Software developing I have different projects such as Online Student Clearance System that changes the manual system to internet based. Also from my university I have a project called online student Verification system which transforms the manual Verification System to internet based .Am passionate about doing Front -End web Applications and I have skills with sql, bootstrap, html, css, php, Javascript. i can also use Adobe Software programs, and am Confident and passionate to share what i have for others.

I aspire to be one of the best tech consultant in my community regardless of the up and downs of working with new technologies in Ethiopia. I am currently a student in the ENTOTO Tech Fellowship, where I learned web and software development. I've learned HTML, JavaScript, Ajax, PHP, CSS, Wordpress, Bootstrap, and MYSQL. I hope to SAP after finishing ENTOTO, and apply my skills and projects. I believe that I will succeed at SAP.

The main reason why I want to join SAP Young Professional network is that SAP promotes for underemployed young people to succeed in the tech sector. As a women, I face a lot of challenges in to succeed in tech in my community. Thus, I believe this opportunity will open door for me to start my career as a consultant.

I have worked hard to get opportunities like Entoto Tech Fellowship and I am grateful for the opportunity. I believe I deserve this opportunity too because I am hardworking person and I have proven that again and again.

Thank you for taking the time to read my application and I look forward to hearing from you.
